

## **RODRIGO FARIA**

**Rigger Welder / Supervisor - Irata N3**

**Date of birth:** January 31th, 1987

**Nationality:** Brazilian

**Additional Languages:** Intermediary English

### **Technical graduation:**

- Production Engineering - 4th Period - Salgado de Oliveira University - (UNIVERSO)
- Mechanical technician - ETEC escola técnica - 2021

### **Safety Courses and qualifications:**

- CBSP
- HUET
- NR 33
- NR 34
- NR 35
- NR 37
- Irata N3
- Rigger - Industec
- Level 1 Welding Inspector - Fundação Brasileira de Tecnologia da Soldagem FBTS
- Solder TIG (6g), MIG/MAG e ER - Escolinha Pingo a Laser

## **Professional experience:**

2022 - at the moment **C&L MECÂNICA E MONTAGEM NAVAL LTDA**

• Rope access supervisor N3

- Supervision in industrial mechanics in general, Lifting Gear, Drops objects, Check Tork, RBI inspection, hose replacement and Thickness measurement.
  - Cargo handling (Rigger)
  - Rescue at height and in confined spaces.
  - Industrial Painting
- Vessel AKER WAY FAER Installations, AKOFS SANTOS among others.

2021 - 2022 **K2 DO BRASIL SERVIÇOS LTDA**

• Rope access supervisor N3

- Inspection of lifting equipment, falling objects, checking torque and measuring thickness.
- Cargo handling (Rigger)
- Rescue at height and in confined spaces.

2019 - 2021 **C&L MECÂNICA E MONTAGEM NAVAL LTDA**

• Rope access supervisor N3

- Supervision in industrial mechanics in general, Gear Lifting, Falling Objects, Tork Checking, RBI Inspection, hose replacement and thickness measurement.
  - Cargo Handling (Rigger)
  - Rescue at height and in confined spaces.
  - Industrial Painting
- Vessel AKER WAY FAER Installations, AKOFS SANTOS among others.

2017 - 2019 **EMPRESA APPLUS K2 DO BRASIL**

• Climber welder

- Welding, cutting and assembly.
- Lifting Gear inspection, Drops objects, Check Tork and Thickness measurement.
- Cargo handling (Rigger)
- Rescue at height and in confined spaces.

2014 - 2017 **WDR**

• Quality Inspector Irata Brasil N 2

- Welding, cutting and assembly of structures.
- Mechanical maintenance in rope access.
- Pulling and pullout operation with rigger team, removal of psv and sdv valves.
- Painting on structures through rope access.

- Maintenance of instrumentation tubes through rope access.
  - Passage of cables in electrical channels.
  - Replacement of manometer and sensors in difficult accesses.
  - Rescue work at heights and confined spaces.
- All services performed on FPSO Ilhabela SBM OFFSHORE.

2014 - 2014      **ABI**

- Irata Quality Inspector

- Welding work, cutting, assembly of structures, mechanical maintenance in rope access, Rescue work at heights and confined spaces and cargo handling (Rigger)

2012 - 2013      **TECHLABOR**

- TIG Welder Level 7 and ER

- Welding work stainless steel and carbon steel pipes and structures, cutting and assembly.

2011 - 2011      **WHITE MARTINS**

- TIG/ER welder.

- Welding work stainless steel and carbon steel pipes and structures, cutting and assembly.

2009 - 2011      **JOFER REPAROS NAVAIS**

- TIG welder.

- Welding work stainless steel and carbon steel pipes and structures, cutting and assembly.

2006 -2008      **USIMINAS MECÂNICA S/A**

- Grinder.

- Preparation of parts, pipes, equipment and weld look using a sander.

2006 - 2006      **SOLDA DAS AMÉRICAS**

- TIG/ER/MIG-MAG Welder.

- Preparation of parts, piping, equipment, visual welding using a sander and welding in the coated electrode process.
