

ROBERT SCHMITT

OCM / Technical Manager /Client Vessel Rep. Dive & ROV

Date of birth: March 21st, 1959

Nationality: French

Additional Languages: French, English, Spanish and Portuguese

Background:

- Offshore construction manager
- Offshore Construction Supervisor
- Offshore Construction Vessel Superintendent
- DSV Sat. diving superintendent
- SAT Supervisor / Diver - COMEX do Brasil (1986)
- Air Supervisor / Diver - BRASIL NAVY (1982)
- Oceanography University - FURG (1977)
- Mechanical Technician - INETEC (1972)

Safety Courses and qualifications:

- HUET
- CBSP
- CA-EBS
- WORK AT HEIGHT AWARENESS
- CONFINED SPACE
- BELL DIVING COURSE
- BELL DIVING SUPERVISOR COURSE
- UNDERWATER CUT TRAINING WITH OXI-ARC COURSE
- UNDERWATER NDT INSPECTION:
 - VISUAL
 - MPI/MAGNETIC PARTICLE INSPECTIONS
 - EDDY CURRENT INSPECTIONS
 - ULTRASONIC INSPECTIONS/THICKNESS MEASUREMENTS

- RIGGING AND CARGO HANDLING COURSE
- RESCUE AT HEIGHT
- KONSBERG DP INDUCTION COURSE
- NR 11
- NR 33
- NR 34
- NR 35

Professional experience:

June 2013 until current moment 2024

- OCM for the Gas to energy project (GtE) Exxon/SBM - FPSP UNITY / Destiny – Diving platform installation/ Rigid Riser pull-in preparation campaign in progress.
- OCM onboard FPSO PROSPERITY for risers (Rigid & Flex) pull in campaign and first Oil.
- OCM onboard Normand Frontier for SBM CO2 Motor changeout (Heavy lift)
- OCM onboard FPSO UNITY for risers (Rigid & Flex) pull in campaign and first Oil.
- OCM onboard DSV SBM Installer for FPSO Destiny mooring lines replacement.
- OCM onboard the OCV Normand Installer for project LIZA UNITY 2019 / 2020 project of Mooring lines installation campaign in the GUIANA field for Exxon
- OCM onboard the OCV Normand Installer for FPSO LIZA DESTINY 2018 /2019 Mooring system installation and FPSO Hook up.
- OCM onboard several projects onboard the DSV SBM Installer for SAT Diving projects in West Africa, ALEN GAS DSV project for Noble Energy Equatorial Guinea of subsea spools, metrology, and installation by diving.
- OCM onboard the DSV SBM Installer for Gamba project for Marathon Petroleum SPM buoy change out.
- OCM onboard the DSV SBM Installer for
- FPSO CAPIXABA for SBM, Install Supt. in charge of the main pulling winch 387ton wire change out.
- Managing director and CEO at PROSET MARINE BRASIL, offshore contracting and consulting
- OCM onboard the OCV Normand Installer for Solstad / Saipem FPSO Firenze decommissioning project of risers and mooring lines – ROV deep water decommissioning
- OCM onboard the OCV Normand Installer for Lancaster turret buoy mooring system anchor piles / mooring legs and hook up campaign for Technip / Hurricane energy in North Sea on Deep water installation & construction.
- OCM onboard the ODCV SBM Installer during 2nd phase of Bonga SPM repair subsea welding project of 80T cofferdam installation for pumped dry to welding new skirts replacements. Diving, lifting, and rigging.
- OCM for Capixaba FPSO in charge of GLC motor heavy lift @ change out for SBM Rigging and heavy lifting op.
- SBM Company Representative.
- During ICHTYS FPSO LNG project TECHNIP / INPEX – Turret installation and commissioning at CDME shipyard in South Korea.
- RIGHINI Winch commissioning, FAT load tests.
- Hook-up phase in the Browse Basin offshore western Australia
- All Riser pull-in operation and pressure test
- OCM for Capixaba FPSO flotel set up and GLC motor heavy lift @ change out for SBM and kick off riser 9 off Bell mouth change out by static rigging transfer for diving disconnection.
- OCM onboard the ODCV SBM Installer during SPM buoy installation in Dubai – Diving, lifting, and rigging
- Installation Superintendent in charge of several diving operation on FPSO CDS pull in operation in Brazil for SBM / Petrobras.

- Also Onboard the ODCV SBM Installer as OCM in charge of FPSO Parati mooring lines Diving UWILD operation.
- OCM onboard the OCV Normand Installer during the FPSO Glen Lyon FPSO Hook up operation for BP – North Sea
- ROV, lifting & rigging Installation scope of work
- Installation superintendent onboard the FPSO Marlin Sul decommissioning Diving op for mooring lines chains cutting and onboard FPSO Capixaba diving op for production riser change out for SBM / Petrobras
- OCM onboard the OCV Normand Installer for Port side SIMP repair of FPSO Sea Eagle SHELL EA – Nigeria
- OCM Rep during Mooring lines installation of FPSO Cidade de Marica – Petrobras SBM onboard AHV Skandy Rio
- Diving and subsea installation
- OCM onboard the OCV Normand Installer during ABO project Nigeria - ROV, lifting & rigging Installation scope of work.
- OCM onboard the OCV Normand Installer during CLOV project for TOTAL Angola FPSO CLOV Piles installation for mooring system using PUS system – OLT / TAS system for OOL installation
- OCM onboard the OCV Normand Installer during QUAD 204 project BP -Schiehallion FPSO phase II riser disconnections / New FPSO Mooring lines installation (20 off ML installation) and Riser piles installation charter party with Technip - ROV, lifting & rigging Installation scope of work
- OCM onboard the OCV Normand Installer during QUAD 204 project BP -Schiehallion FPSO riser disconnections charter party with Technip – ROV, lifting & rigging Installation scope of work
- OCM onboard the OCV Normand Installer during CLOV project for TOTAL Angola Piles and Mooring system for the FSO CLOV
- OCM onboard the OCV Normand Installer during IKHWESI project for PetroSA in ZA MEG Riser installation and Mattresses
- OCM onboard the OCV Normand Installer during Jubilee Phase 1A project , X-Tree
- SFL / Metrology / Jumpers installation for Technip / Tullow in Ghana
- Deep water Subsea Installation & construction
- OCM onboard the OCV Normand Installer for Bonga FPSO BOOR 3 recovery – SNEPCO Shell Nigeria
- At Keppel’s yard in Singapore following FPSO “Cidade de Paraty” SBM chain Jack pre-commissioning
- OCM DSV Dynamic Installer for TOTAL Congo on Anguille & Turpille field – Diving activities on Electrical cable catenary adjustment.
- OCM onboard the OCV Normand onboard the FPSO Sea Eagle (Shell Nigeria) Leg repair
- FPSO Bonga (Shell Nigeria) Emergency response of subsea Oil leakage contingency plan by ROV intervention
- OCM onboard the DSV Dynamic Installer for SS7 Free span correction Sat diving Operation
- OCM onboard the OCV Normand on completion of Pazflor Phase II OOL – Floating line pressure test
- OCM onboard OCM onboard the OCV Normand Installer for Pazflor FPSO Hook-up and Riser installation (24 off) for TOTAL / TEAC
- Deep In Brazil for SBM Offshore as Offshore Installation Superintendent in charge of diving activities.
- FPSO BC 10 Espirito Santos (SBM /Shell)– Floating hose repair
- FPSO P57 – Pre-commissioning at Angra dos Reis – Velrome Yard / Hook-up and first Oil Riser pull-in.
- FPSO Frade (SBM / Chevron) – New Floating export hose assembly / replacement /installation.
- FPSO BC10 Espirito Santo (SBM / Shell) – Floating hose repair
- FPSO Capixaba for mooring hook up operation and riser well pullwater Subsea Installation & construction the OCV Normand for Xikomba FPSO disconnection
- Diving representative for SBM PC in Labuan – Malaysia – FPSO conversion & subsea hull inspection

- SBM Client Rep. for Torpedo mooring system installation onboard AHV Meask Boulder for FPSO Capixaba relocation
- Deep water Subsea Installation & construction
- Total Angola Akpo project onboard OCV Normand Installer - (o/b OCV Normand Installer as OCM)
- Deep water Subsea Installation & construction

May 2003 until June 2013

- Working in Brazil for SBM as Offshore construction manager for:
- FPSO Frade (SBM / Chevron) – Diving activities for Floating export hose installation
- FPSO Capixaba (SBM / Petrobras) – Diving and rigging activities for mooring lines disconnection / relocation
- FPSO Brasil (SBM / Petrobras) – Diving activities on Well risers RO-17 pull-out
- Azurite – Murphy subsea structures installation phase 3 /4 - (o/b OCV Normand Installer as OCM)
- Deep water Subsea Installation & construction
- AKPO – Total Angola – Stand-by mooring system installation - (o/b OCV Normand Installer as OCM)
- Deep water Subsea Installation & construction
- FDPSO Azurite – Riser Hook-up and Subsea structures installation phase 2/3 - (o/b OCV Normand Installer as OCM)
- Deep water Subsea Installation & construction
- Chevron – Frade FPSO hook-up – Brazil (o/b OCV Normand Installer as OCM)
- Deep water Subsea Installation & construction
- Golfinho Commissioning S-7 – Brasil (o/b OCV Normand Installer as OCM)
- Deep water Subsea Installation & construction
- SBM / Shell (Brazil) BC-10 Espirito Santo FPSO Hook Up - (o/b OCV Normand Installer as OCM)
- In charge of Diving & mooring and pull in installation
- Mobilisation of DOF LBL equipment - (o/b OCV Normand Installer as OCM) Subsea Installation & construction
- SBM / Technip Manifold Installation – Ireland - (o/b OCV Normand Installer as OCM)
- Subsea Installation & construction
- SBM / HESS – Gas Lift Operations – Norway - (o/b OCV Normand Installer as OCM)
- Subsea Installation & construction
- SBM / Acergy/Exxon Mobil
- FPSO Saxi Hook up / Riser and Jumpers Installation - (o/b OCV Normand Installer as OCM)
- SBM/ Shell FPSO BC10 anchor piles and mooring system installation- (o/b OCV Normand Installer as OCM)
- SBM/Chevron – anchor piles and mooring system installation - (o/b OCV Normand Installer as OCM)
- SBM/Mobil EGI
- Opalo East Flowline Repair - (o/b OCV Normand Installer as OCM)
- ROV Subsea Installation & construction
- SBM / Chevron
- AGBAMI FPSO and Buoy mooring Installation - (o/b OCV Normand Installer as OCM)
- Subsea Installation & construction
- SBM / Vaalco
- Flying Lead Replacement - (o/b OCV Normand Installer as OCM) – ROV activities
- SBM/ ESSO/Exxon Mobil
- MONDO FPSO Hook Up - (o/b OCV Normand Installer as OCM)
- SBM / Sonangol
- Positioning of Well and Route site survey; Gimboa Angola - (o/b OCV Normand Installer as OCM)
- SBM/Chevron

- Installation of Suction piles for Agbami FPSO – Nigeria- (o/b OCV Normand Installer as OCM)
- SBM / ESSO/Exxon Mobil
- Mooring System Installation for MONDO and SAXI FPSO's, Kizomba C, Block 15 offshore Angola - (o/b OCV Normand Installer as OCM)
- SBM/Murphy Oil Co.
- KIKEH FPSO Hook up and GAP Installation - (o/b OCV Normand Installer as OCM)
- Subsea Installation & construction
- SBM/Murphy Oil Co.
- Mooring System Installation for KIKEH FPSO - (o/b OCV Normand Installer as OCM)
- Subsea Installation & construction
- SBM Technical manager for the Mopu – FSO hook up and riser pull in on Caspian Sea offshore Turkmenistan.
- Air diving activities
- Dalia project for Technip - (o/b OCV Normand Installer as OCM)
- Subsea Installation & construction
- Okwori riser pull-in campaign to FPSO performed onboard OCV Normand Installer SBM for S-7 contract as Installation Supt. Subsea Installation & construction
- OCV Normand Installer mobilisation at Ulstein Yard – Norway
- As Installation Supt. on BONGA Project for SNEPCO - SHELL Nigeria onboard OCV Normand Progress
- Diving Campaign R-2 BOOR's spool repair
- Bonga SPM buoy installation
- FUGRO work on Metocean System installation on Bonga SPM buoy.
- Rigid Water injection & production Jumpers installation campaign
- GVM on GLRB installation campaign. Bonga Subsea valves operation and subsea pre-work on Pressure cap removal for Jumpers installation.
- Xmas-T installation campaign Flushing tests campaign
- Cathodic Protection campaign / Control modules ABB- Vetco change-out & installation / Flying leads Change-out & installation.
- Dropped BOOR's recovery and deep wet parking for Technip / SNEPCO.
- Installation Supervisor On board FPSO SBM Marlim Sul – Hook up for Petrobras contract on Campos field. Brasil
- In charge of diving, rigging and lifting scope of work
- Installation Supervisor o/b DSV Dynamic Installer SBM Girassol Buoy Stoppers replacements RCR in Angola for TOTAL AMG
- In charge of diving and rigging scope of work
- Installation Superintendent o/ b FPSO Espadarte – Risers Pull-in for SBM – Brazil
- In charge of diving, rigging and lifting scope of work
- Installation Superintendent on board DSV Dynamic Installer Calmbuoy changes out for GABINDA Gulfoil Company for CHEVRON TEXACO Nigeria
- Diving subsea installation
- Installation Supervisor on board Mooring vessel Norman Progress
- SHELL BONGA - FPSO Mooring Installation
- SHELL BONGA - SPM suction pile installation
- SHELL BONGA / ABB – Vetco Phase1b
- Diving Superintendent on board the DSV Dynamic Installer from SBM
- Sat diving activities
- Hot tap, smart flanges installation, Assistance to Halliburton (Paragon injection) for Djambala Platform for ENI Congo
- Riser Recovery of FSO XV for TOTAL July 1999 until Jan. 2003

STOLT OFFSHORE – Argentina

- Dive representative
- Sat. diving and ROV operations SIPETROL / TOTAL in Poseidon and Argo field in Argentina, Tierra del Fuego.
- Riser Installation and Pod's Control Maintenance on Argo's 1 and 2 wellheads for TOTAL AUSTRAL.

STOLT OFFSHORE – Brazil

- Sat Dive representative

Sat Diving Supt. on board DSV "Seaway Harrier"

Sat. Diving and ROV operations for Petrobras contract on Campos field. Brasil

Installation Supt. on board RSV "Toisa Mariner" - Petrobras long term contract.

OCS on board PLSV "Seaway Condor" during the upgrade conversion in SERMETAL shipyard –Rio de Janeiro, Brazil.

ROV upgrade to 2000 msw, Lay capability to 230 T and laying spread acceptance.

OCS on board the PLSV "Seaway Condor" for Petrobras 4 years contract.

OCS on board RSV "Seaway Explorer" for Girasol towers installation - Three-hybrid Risers Tower installation for TOTALFINAELF Girassol Field, Angola.

OCS on board DSV "Seaway Osprey" for Petrobras 4 years Sat diving contract.

Flexible bundle installations, Platforms & jackets bundles Pull in and Pull out, Manifolds, MCV, SCM ,

- SBM buoy, Lazy S, mooring system, Subsea houses installations and many others subsea installations/repairs/maintenance. Brazil Period of 1987- 1999

STOLT COMEX SEAWAY

- Dive Superintendent

Rig diving assistance to Maraton Petroleum in Gabon.

Rig sat diving assistance to Agip / Cameron in Soyo, Angola.

Diving Saturation operations on board Yagana Barge for Sepetrol / ENAP in Tierra del Fuego/ Patagonia /Chile.

Diving Saturation operations on board TSV " Red Tern" for the Argo I and Argo II project for Total Austral, Hydra, Tierra del Fuego /Patagonia/Argentina.

- SAT. Supervisor

Onboard "DSV Toisa Puma" for Argo I & II (Contol pods installations in Argo I & 2 and Spool 8" and 4" metrology /installation), Total Austral, Hidra field, Tierra del Fuego/ Patagonia Argentina.

On board Yagana Barge for Seapetrol / ENAP Magellan area / Patagonia /Chile.

SAT and Air dives performed between 1980 and 2000.

SAT and Air dives performed between 1980 and 2000

COMEX do Brasil / Stolt / Acergy

-SAT. Diver/Supervisor

1 Sat on board the DSV "DSV Seaway Osprey" during the 316m deep sat on the Manifold AB-02, Campos basin, Brazil.

4 off Sat. on board the DSV "DSV Seaway Harrier" during the 316m deep sat. on the Manifold AB-02, and many underwater constructions jobs, Campos basin, Brazil.

2 Sat on board "DSV FlexService I" for general underwater construction and pipeline / flexible line connections. Campos basin, Brazil.

4 Sat. on board the DSV "Stephanyturn" for Petrobras contract in Campos Basin, Brazil.

8 Sat. on board DSV "Energy Supporter" for Petrobras contract in Campos Basin, Brazil.

1 Sat on board the Rig P-11 , Braspetro, Kiabo field, Angola.

6 Sat on board the "Yagana Barge", Magellan, Tierra del Fuego, Argentina.

3 Sat. on board the TSV "Red Tern" for Total Austral, SBM Hidra, Terra del Fuego, Argentina.

SIGMA BRASIL

-SAT. Diver/Supervisor

1 Sat. on board DSV "Stena Constructor" for Petrobras contract in Campos basin.

MARSAT

- SAT. Diver/ Supervisor

3 Sat. on board DSV "Toisa Sentinel" for Petrobras contract

SUPERPESA

-Air Diver

NDT Inspector general subsea activities for Petrobras in Natal field, Fortaleza field and Aracaju field, Brazil.

SUBOCEANICA ATIVIDADE SUBAQUATICAS - Mar 1980 – Jun 1982

-Scuba Diving Instructor (Master)

Language proficiency level fluent in:
French, English, Portuguese, and Spanish
